for Infants and Children.

Don't Poison Baby.

CORTY YEARS AGO almost every mother thought her child must have paregoric or laudanum to make it sleep. These drugs will produce sleep and a few drops too many will produce the sleep from which there no waking. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotics named to children at all, or to anybody, without labeling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces eleep but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without you or your physician know of what it is composed. Castoria does not contain narcotics.

Physicians Recommend Castoria.

children with good results."

EUROPEAN PLAN, FROM \$2.00 UP UNDER THE MANAGEMENT OF JAMES WOODS

The Simplex patented all-steel corner lock is so simple and plain in construction that it adds many times to the sanitary features over the old method of bed construction. The Simplex is an all-steel chillless bed, very simple in design and very substantial. It is to be had in all of the approved plain and combination color finishes. The castors are ball-bearing with pressed steel wheels. The all-steel corner lock, however, is our strong claim for your consideration, for it makes a stronger, better, lighter and more sanitary bed. It is such a strong claim to superiority that we patented this device.
